On MetalForm China 2023

19-22, July 2023
National Exhibition and Convention Center (Shanghai)

中国锻压协会 | 锻造 | 冲压 | 钣金制作 |
Confederation of Chinese Metalforming Industry

Dear Exhibitors

With strong support from all parties, the MetalForm China 2023 successfully concluded at National Exhibition and Convention Center (Shanghai). It is the first large-scale event in the industry after the epidemic, gathering high-quality exhibits including the latest components, equipment, Dies & Tools, etc. in the industry in recent years, and also attracting a large number of the visits such as industry buyers, key technical personnel, etc..

This exhibition covers an exhibiting area of 26000 square meters. It has attracted 256 exhibitors from 10 countries and regions. The exhibits closely revolve around the exhibition theme of smart machine, automatic production, informationization management and data-driven decision-making. This exhibition displayed the latest metal forming equipment, tools & die, joint & welding, automation devices, peripheral equipment, auxiliary materials, testing and inspection instruments, surface treatment machine, and various forging, stamping, and sheet metal components. It satisfied the vast majority of the needs of enterprises and end-users in the metal forming industry. The exhibition site was filled with good news and purchase contract signing, with 8 companies signing orders on-site, and 20% of the visitors had procurement needs and successfully reached preliminary cooperation agreements.

The exhibition promotion and visitor organization work still based on the accumulation in previous years, expanding the scope of promotion, from downstream user industries, to industry production enterprises, and then to upstream industries, and outputting online and offline one by one. Utilizing various online platforms, online and offline media resources, and other perspectives to promote and display the exhibition, and continuously participate in various exhibitions, conferences, and other activities to promote exhibition information to potential visitors.

For the key visitors, we invited them from a total of about 0.2 million enterprises which are in high-activities. They are selected in a large date-base founded by collections from CCMI memberships, events participants, magazines readers, exhibition visitors, conference representatives, and the personnel of our visiting enterprises, etc. In this case, we carried out key publicity and visit invitation, and promote the exhibition information by phone, Email, SMS, letter mailed, WeChat, Tiktok, etc. Continuously issue exhibition reports every two months, with 10000 copies per issue, mailed to exhibitors, key visitors units, membership units, etc., to promote new technologies and equipment for exhibitors. At the same time, we collaborate with several of the most authoritative professional magazines/newspapers in the industry to take exhibition advertising and promotion throughout the year, and do enough pre exhibition momentum building work.

This exhibition attracted 14513 professional visitors from 12 countries and 26 provinces and cities in China, and continuously be broadcasted through the Vidue Live Show Platform. The number of online viewers of the exhibition reached 37388 personnel.

Before the exhibition, we plan to invite more than 80 professional visiting groups. Due to influence of weather, some of the visiting groups were unable to arrive to visit the exhibition. Finally, there are still 800 personnel from more than 50 groups to visit the exhibition organized by Wuxi Forging Association, Cixi Mold Association, Shandong Forging Association, COMAC, SAIC Motor, Shanghai GM, NIO Motors, Tesla, Jiangsu Deke, Jingling Foundry & Forge Co., Ltd., Zhuhai Gree, Robam, Fotile, ForgeTech China, StampingTech China and BlechTech China etc. After the exhibition, we will mail conference journals and exhibition materials to all pre-registered professional visitors who have not yet visit the exhibition, and conduct follow-up evaluation to understand the needs of the enterprise and achieve procurement and supply coordination.

At the same time, we also held Buyers Forum Int'l 2023, ECO-MetalForm Summit 2023 and TPP-MetalForm Conference China 2023. It invited and gathered more than 60 purchaser/buyers to be present and take 31 technical lectures and reports on site. At the outside the exhibition center, ForgeTech China, StampingTech China and BlechTech China was held simultaneously, with over 600 representatives participating.

In addition, several highly prestigious awards in the industry presented during the exhibition. These awards include 60 companies of "Top20 metal forming manufactures", 20 partners of " Best Partner of MetalForm China", 95 products of 63 manufacturers of "Qualified Suppliers Recommended 2023", 30 components of 25 producers of the "17th " Shen Gong (Masterpeice) Prize2023 ",100 companies of "Top100 Stamping Producer, and 22 partners of " Ten Year Partner of< Forging and Metaforming> Magazine".

On July 4-7, 2024, the basic process industry in China's manufacturing industry was linked, and five major industry associations, including forging (forging, stamping, sheet metal and fabricating), casting, heat treatment, welding, and surface treatment, worked together to create an exhibition area of 230000, continuing to gather momentum in Shanghai and make a voice for China's basic industry. Looking forward to the active participation of every industry colleague, and looking forward to our reunion again!

Wishing your company a prosperous and thriving business!

MetalForm China Division of CCMI

1. Exhibitors

The area of the exhibition is 26000m², with 256 exhibitors, including 38 exhibitors from outside of China, accounting for 14.84%. Its exhibitors are from countries such as the United States, Germany, Spain, Switzerland, Italy, Japan, South Korea and China, and regions such as Hong Kong, Taipei, China. There also some representative office or agency company of foreign-owned enterprises.

By category, there are 51 component Producers, 112 forging equipment and auxiliary machine manufactures, and 74 stamping & sheet metal equipment and auxiliary machine manufactures. Overall, it is equivalent to the level in 2021, with a carrying rate of over 70% for on-site material object.

2. Visitors

There are 14513 visitors in the exhibition. The analysis of visits in this report will be on 14513 visitors:

(1) Source Area:

Visitors of Outside of Mainland of China: There are 253 visitors from outside of mainland of China, including Japan, South Korea, Finland, Malaysia, the Philippines, India, Russia, Germany, Spain, the United States, Hong Kong, Taiwan Province, and other countries and regions.

Visitors by Region of Mainland of China: 32.23% visitors from Shanghai, and upto 74.41% visitors from Jiangsu, Zhejiang, Shangha and Anhui region. It is that the manufacturing industry in forging, stamping, sheet metal, and related industries in East China still ranks among the top in the country in terms of economic level. It is main force with large procurement capacity and renovation space in manufacturing industry. On the other hand, the proportion of visitors from non-host areas has not met expectations, and it is still necessary to increase the publicity efforts for exhibitions across the country, especially by inviting key enterprises from different regions with targeted invitations.

Region	Province	Visitors	Ratio
East China	Jiangsu	3743	25.79%
East China	Zhejiang	2035	14.02%
East China	Shanghai	4678	32.23%
East China	Anhui	344	2.37%
East China	Shandong	1026	7.07%
North East	3 Provinces in North East	293	2.02%
North West	Xinjiang, Qinghai, Shaaxi, Inner-Mongolia, Gans, Ningxia	184	1.27%
North China	Beijing, Tianjin, Hebei	876	6.04%
North China	Shanxi	48	0.33%
Central of China	Henan	158	1.09%
Central of China	Hunan, Hubei	384	2.65%
South of China	Guangdong, Guangxi	396	2.73%
South of China	Fujian	73	0.50%
South West	Sichuan, Chongqing	208	1.43%
South West	Jiangxi, Yunnan, Guizhou	67	0.46%
Total		14513	100.00%

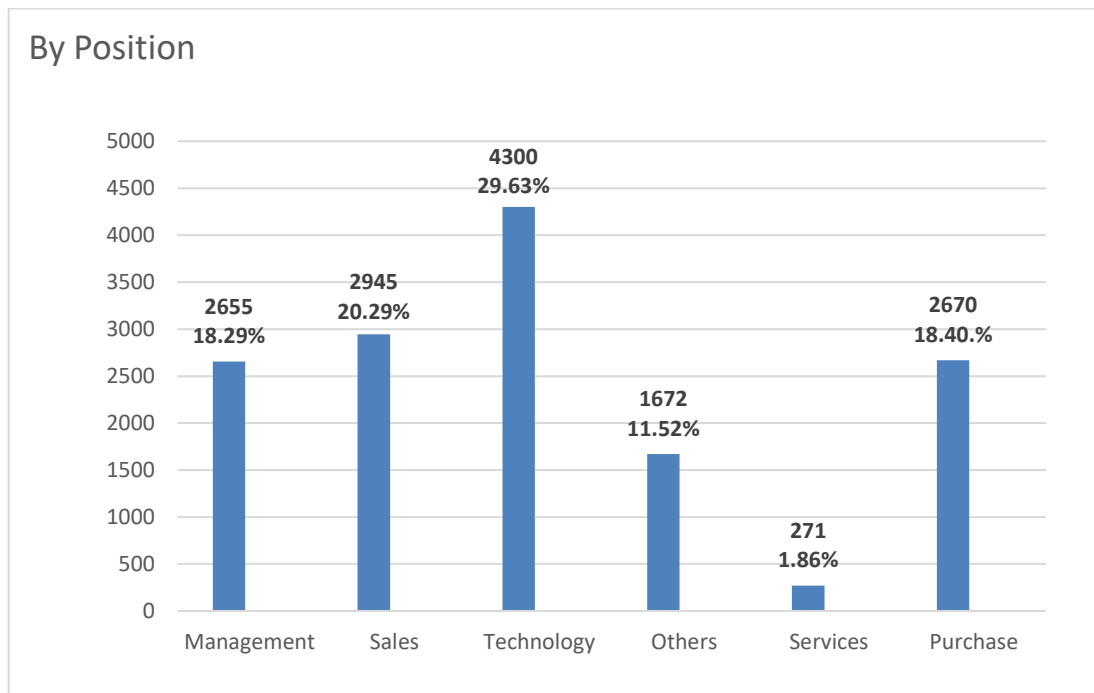

(2) Visitors per Day

Date	Visitors
------	----------

2023-7-19	4941
2023-7-20	4804
2023-7-21	4467
2023-7-22	1082
Total	15294

Note: Among the visitors, 781 visitors have visited the exhibition twice or more, accounting for 5.38% of the total visitors.

3. Analysis of Visitors Position

Among the visitors, 2655 visitors are from the management team, accounting for 18.29% of the total number of visitors; 4300 technical personnel, accounting for 29.63% of the total, 2670 procurement personnel, accounting for 18.4% of the total, and 2945 marketing and sales personnel, accounting for 20.29% of the total ; Other positions and invalid information are put into other.

On a year-on-year basis, the proportion of technical and procurement personnel has increased, indicating that there is still some purchasing space in the buyer's market.

According to the evaluation data, 988 visitors, accounting for 6.0% of the total of visitors, reported clear procurement needs. The main procurement requirements include (*Please note that We did not organize it, just listed the feedback names of the visitor completely, there will definitely be duplicates*):

- forging, stamping and sheet metal parts,
- presses, multi-station presses,
- sheet metal,
- welding materials,
- sheet metal welding machinery,
- sheet metal equipment,
- pipe & tube forming machine,

5. Award 2023 Presented in MetalForm China 2023

This exhibition could be said to be sparkling with stars and full of harvest.

In response to the call of the Party and the state to promote the high-quality development of the forging and metalforming industry, and to better meet the demand of domestic and foreign forging, stamping, and sheet metal enterprises for purchasing high-quality equipment, we has elected " Top 20 Forging Equipment Enterprises", " Top 20 Stamping Equipment Enterprises", and "Top 20 Sheet Metal machine-building Enterprises". The results has be delivered and a medal has be awarded at the on-site of the exhibition.

At the same time, the awards ceremonies has been hold during the exhibition, which include Top 100 Stamping Enterprises, Shen Gong (Masterpeice) Prize2023 , Qualified Suppliers Recommended 2023, Best Partner of MetalForm China, and 10-year partner award of <Forging & Metalforming> Magazine,, which received warm attention from exhibitors, professional audiences, industry experts, professional media, and local associations.

(5) List of Metal Formed Parts in Shen Gong (Masterpeice) Prize2023

There are 25 enterprises participating in the evaluation of the "Shen Gong (Masterpeice) Prize2023" this time, with 30 parts. We have finally identified 22 high-quality products and 8 praise products. The list of award-winning enterprises is as follows:

No.	Company	Parts/Components Awarded	Prize
1	南京康尼精密机械有限公司	SLR-2022 腕臂连接双耳	Quality
2	山东神力索具有限公司	SLR-1111 链条调节器	Quality
3	重庆大江杰信锻造有限公司	BYD472QA 混动曲轴（QP-874）	Quality
4	江西景航航空锻铸有限公司	履带板	Quality
5	瓦房店轴承精密锻压有限责任公司	风电圆锥滚子轴承保持架	Quality
6	东风锻造有限公司	11L 曲轴毛坯	Quality
7	湖北神力锻造有限责任公司	前轴	Quality
8	重庆庆铃锻造有限责任公司	7.5T 转向节	Quality
9	山东汇锋传动股份有限公司	输出齿轮轴	Quality
10	江苏精棱铸锻股份有限公司	轨道交通车钩缓冲座	Quality
11	浙江赛克思精锻科技有限公司	摇摆	Quality
12	中冶重工（唐山）有限公司	50 型远程关闭紧急切断阀	Quality

13	芜湖三联锻造股份有限公司	吉利帝豪车型 C3 离合器毂	Quality
14	芜湖三联锻造股份有限公司	吉利新能源汽车电机壳	Quality
15	江苏鹏德工业科技有限公司	混动消包上壳体/下壳体	Quality
16	武汉泛洲精冲有限公司	精冲换挡拨叉	Quality
17	河南神州精工制造股份有限公司	PTA 结晶器用 EHA6918X208mm 封头	Quality
18	江苏太平洋精锻科技股份有限公司	EMG 主减齿轮	Quality
19	中机精冲科技（福建）有限公司	商用车变速箱连接板	Quality
20	嘉兴和新精冲科技有限公司	卡车变速箱零件	Quality
21	苏州三维精密金属制品有限公司	仪器仪表外壳	Quality
22	南京航空航天大学	换热器翅片螺旋管	Quality
23	贵州航空科技发展股份有限公司	动力涡轮机匣 FPT CASE FORGED	Praise
24	辽宁五一八内燃机配件有限公司	DM185-V16 曲轴	Praise
25	江苏南洋中京科技有限公司	挂钩 L098	Praise
26	东风锻造有限公司	轮毂毛坯	Praise
27	江苏精棱铸锻股份有限公司	工程机械泵用斜盘	Praise
28	山东磐金锻造机械有限公司	双兰轴	Praise
29	苏州三维精密金属制品有限公司	油管接头	Praise
30	南京航空航天大学	火箭发动机管路	Praise

(6) Qualified Suppliers Recommended 2023

This year, we screened all exhibitors and recommended 95 forging, stamping, and sheet metal equipment from 63 exhibitors in terms of innovation, application of new technologies, and overcoming technical difficulties, for reference and purchase by the industry. The list of award-winning enterprises and products is as follows:

No.	Company	Products Awarded
1	FICEPS.P.A	棒料剪、电动螺旋压力机
2	山西晨辉锻压设备制造股份有限公司	锻造操作机、锻造取料机、碾环机
3	高密三江机械制造有限公司	水平分模机械装夹平锻机
4	青岛高而富石墨有限公司	锻造石墨乳、无色环保锻造脱模剂
5	东莞辉科机器人自动化有限公司	摆臂锻造机械手，步进梁锻造机械手
6	杭州国隆加热设备有限公司	智能化感应加热成套设备专业制造商
7	青岛方泽机械科技有限公司	MP 系列热模锻压力机
8	杭州科远电炉有限公司	过程控制全自动温控绿色智能串联谐振电炉装备
9	河南力捷数控技术有限公司	中频炉
10	湖北凌顶科技有限公司	伺服直驱螺旋压力机
11	惠州安固振动控制技术有限公司	弹簧阻尼减振器
12	连云港杰瑞自动化有限公司	步进梁
13	南京江联焊接技术有限公司	模具电弧增材制造离线编程软件系统与工艺
14	南京力泰智能科技有限公司	超高压除鳞机 锻造氧化皮清洗机
15	浙江欧锻重工机械有限公司	多向锻造液压机 模锻液压机 环锻开坯锻造液压机

16	青岛昊阳机械有限公司	直驱式电动螺旋压力机
17	成都壹佰科技有限公司	金属冷锯、不锈钢冷锯
18	威泰克科技（大连）有限公司	环保型锻造脱模剂 W-200
19	山东凯泰焊接技术有限公司	模具 3D 打印增材制造机器人
20	陕西博创电器有限公司	全自动温锻喷墨生产线
21	陕西博辉机电设备有限公司	中频感应加热设备
22	瑞安市中凯自动化科技有限公司	机器人、喷水机

(7) Best Partner Award of MetalForm China

The MetalForm China and the corresponding conference were founded in 2004. First class enterprises at home and abroad have been invited to participate in the exhibition, present a lecture and visit benchmark enterprises to promote the progress of the industry.

In order to thank many exhibitors, lecture enterprises, visited enterprises, local associations and local governments for their support over the years, we continue to praise the enterprises and organizations with active participation at the exhibition site, and thank them for their outstanding contributions to the progress and exchanges of the industry! The winners of 2021 "Best Partner Award" are as follows:

No.	Best Partner to MetalForm China
1	镝成永生有限公司
2	宁波华大液压有限公司

3	青岛昊阳机械有限公司
4	辽阳锻压机床股份有限公司
5	超同步股份有限公司
6	高密三江机械制造有限公司
7	杭州国隆加热设备有限公司
8	佛山市南海东旭液压机械有限公司

Congratulations to the award-winning enterprises and cooperative units mentioned above, wishing them continuous innovation and greater contributions to the development of the forging, stamping, and sheet metal manufacturing industries.

6. Next MetalForm China Exhibition

The poster features a dark blue background with white and light blue text and graphics. At the top left is the logo of the Confederation of Chinese Metalforming Industry (中国锻压协会). At the top right is the MetalForm China logo. The main title '夯产业之基 蓄腾飞之力' is prominently displayed in the center. Below it, three key points are listed: '强基工程之重大举措', '中国制造业基础工艺产业联动', and '展出面积 23 万平方米'. A row of six sub-exhibitions is shown below, each with its own logo and name. The dates and location '2024.7.4-7.7 | 国家会展中心 (上海)' are clearly stated. The bottom section features a 3D-style graphic with five categories: '铸造', '热处理', '表面处理', '锻造·冲压·钣金与制作', and '焊接'. A contact information bar at the very bottom provides a hotline and website.
